Reception at Sagamore Hill to the People of Nassau County.

HOW PRESIDENT RECEIVES GUESTS.

Mrs. Roosevelt Remains on the Porch to Assist Her Distinguished Husband — Souvenirs Given to All.

Oyster Bay, N. Y., Sept. 15.—Oyster Bay is en fete. Clouds of bunting and flags adorn the buildings and houses. Thousands of strangers are on the streets and every few moments the loud report of an anvil loaded with powder breaks the stillness. The occasion for this celebration is the reception which President Roosevelt is to tender to the people of Nassau county at his home on Sagamore Hill. The weather is delightful and the members of the committees having the affair in charge estimate that 18,000 persons were here. Special trains came from Hempstead, Mineola, Far Rockaway and Freeport, in addition to which a large number of yachts are expected to bring down parties from New York and vicinity. One band from Brooklyn and three from Long Island played on the lawn during the reception.

The arrangements have all been completed for handling the crowd on Sagamore Hill. The president received his neighbors on the porch of his house and as they shake hands with him they passed to the rear of the house where each was tendered a glass of lemonade. The glasses were retained by the visitors as souvenirs. Mrs. Roosevelt was on the porch part of the time and assisted in the reception. It has been decided to dispense with introductions and no one was allowed to stop and talk with the president. Once the line started it was kept moving. Extra precautions have been taken to guard against trouble. Sheriff Johnson of Nassau county has sworn in 300 special deputy sheriffs, and in addition to this a large number of secret men were stationed about the porch.

Riotous Soldiers.

San Francisco, Sept. 15.—There was a lively riot at the entrance to the Presidio reservation. Police Lieutenant Kelly, with seven patrolmen, raided the saloon of Press Anderson and arrested 33 soldiers and 10 civilians who were playing percentage poker. Anderson was refused a license recently, but has been running his place in defiance of the law. While the police were making the arrests a crowd of soldiers gathered and assailed them with sticks, stones and brickbats. The police wielded their clubs vigorously, but with little effect and were finally forced to fire into the uniformed mob. So far as known, however, no one was hit. While the rioting was at its height an alarm was sounded at the Presidio and three companies of infantry and one of cavalry were sent to the scene. They succeeded in driving most of the riotous soldiers back into the reservation but not without considerable trouble, the men not being disposed to yield even to superior force.

St. Louis Boodle Investigation.

St. Louis, Sept. 15.—Circuit Attorney Folke has found that it would be necessary for him to go to Jefferson City to arrange the habeas corpus that were brought before the supreme court to secure the release of the five men accused of boodling, now held in the jail at the four courts. The grand jury therefore continues its inquiry into the city lighting and other legislation. Subpoenas have been served on all the members of the present house of delegates to appear before the grand jury. They will be questioned as to what they knew about the city lighting bill and of the recent defeat of measures introduced for the regulation of the street car traffic in St. Louis. It is alleged that the covert use of \$68,000 in the house defeated the street car bills mentioned.

Reinforcements Sent.

Washington, Sept. 15.—Senor Concha, the Colombian minister, received a cablegram dated Sept. 13 and signed by President Marroquin, Secretary of State Jaul and Secretary of War Fernandez, which stated the 5,000 government troops under the command of General Perdomo had started down the Magdalena river to reinforce the government troops on the isthmus. The cablegram also stated that 15,000 additional government troops were held in readiness to move to the isthmus and that the interior was quiet.

MINISTER HART

Informs the State Department of Surrender of Carreazo.

Washington, Sept. 15.—The state department has received a cablegram from Minister Hart at Bogota, Colombia, which says that the revolutionary general, Carreazo, who has been operating with a strong force on the great plains east of Gogota, has surrendered. This is regarded as of the utmost importance to the government authorities, who consider that it assures the pacification of the whole eastern region. The Colombian government also has announced the repulse by a government war vessel of a revolutionary attack some days ago upon the Magdalena river.

The Czar's Speech.

St. Petersburg, Sept. 15.—The czar summoned deputations of the elders of the cantons and villages in the governments of Kursk, Poltava, Kharzkoff, Tchernigoff, Orel and Voronezh to meet him at the house of the governor of Kursk. When the elders assembled, the czar addressed them personally as follows: "Last spring peasants in some districts of the provinces of Poitava and Kharkoff plundered neighboring estates. The culprits will meet the punishment they deserve. The authorities will not, in future, allow such disturbances to occur. Of that I am sure. I desire to remind you of the words of my late father at the time of his coronation, spoke to the Cantonal elders: 'Listen to your local nobility and do not believe sensational nonsense.' Remember," continued the czar, "that a man gets rich not by seizing the property of others, but by honest labor and thrift and by living according to the commandments of God. Repeat all I have said to you to the other people of your villages and tell them that I will not leave their real needs unheeded."

Grand Lodge of Odd Fellows.

Des Moines, Ia., Sept. 15.—With special trains arriving from all parts of the country and the attendance having already reached 30,000, the seventy-eighth annual session of the Sovereign grand lodge of Odd Fellows, was formally welcomed by Governor A. B. Cummins and Mayor Brenton. The response was made by Hon. A. Cable of Covington, O., grand sire. The report of the grand sire showed that there were 127 grand lodges established, of which six were in foreign countries. The total number of subordinate lodges is 12,792, and subordinate encampments 2,780. The entire membership of the order reaches 1,002,372. During the year there were 99,393 initiations in the subordinate lodges and including those initiated in other branches, the total reached 185,845. The amount of relief disbursed was \$3,939,785.68, an increase of \$203,093.08.

Out of Debt.

Boston, Sept. 15.—The American board of commissioners for foreign missions has balanced its books for its fiscal year ended Aug. 31, and made public the following financial statements: The expenditures for 12 months to Aug. 31, 1902, were \$741,303, and the regular receipts for the year were \$742,764, leaving a balance on hand Sept. 1, of \$1,461. The gains in the year have been from legacies and women's boards. The debt of a year ago, amounting to \$102,341, has been entirely canceled through the redemption of pledges given at the Hartford meeting last October. The ninety-third annual meeting of the board will be held in Oberlin, Ohio, Oct. 14 to 17. The sermon will be delivered by the Rev. Dr. Newell Hillis, of Brooklyn.

Favors Sham Battles.

New York, Sept. 15.—Elihu Root, secretary of war, returned from Europe on the steamship Kroonland. Mr. Root was not accompanied by his wife and daughters, who remained on the other side, to return early in October. Concerning the recent naval maneuvers on the New England coast, Mr. Root said: "There is nothing like a sham battle to make the officers and men in the navy and army realize what they may have to do some day. A man, although he may be an excellent machinist, will surely grow stale if he does not use his tools now and then."

Two Young Men Asphyxiated.

Ann Arbor, Mich., Sept. 15.—Two young men, L. W. Bruski and Joseph Kierzek, of Posen, Mich., were found dead on the floor of a room in the Newman House. From letters in the pockets of the men, it is evident that Kierzek had come to Ann Arbor to have his eyes treated. The men said when they retired that they were not accustomed to using gaslight. It is supposed that they got up in the night for some purpose and turned on the gas, thinking this would produce light.

CHARTER IS REFUSED.

Judge Arnold Denies Application of Christian Scientists.

SAYS IT IS A BUSINESS CONCERN.

The Court Holds That the Members Are Required to Sell Mrs. Eddy's Books For Profit.

Philadelphia, Sept. 15.—The application for a charter made by the First Church of Christ, scientist was referred by Judge Arnold in the common pleas court. In his opinion Judge Arnold says:

"The charter applied for in this case covers a double purpose—a church and a business. We have power to grant a charter for a church, but we have no authority to grant a charter for a corporation for profit, that is, a business corporation."

Continuing, the court quotes from the text book of Mary Baker G. Eddy instructions to Christian Scientists to sell and circulate the publications of Mrs. Eddy, failure to do the same being sufficient cause for expulsion from membership in the church.

"This shows," says the court, "that the so-called church is a corporation for profit, organized to enforce the sale of Mrs. Eddy's books by its members, which is a matter of business and not of religion. As the courts have no power to charter such a corporation, the application for a charter is refused."

Morrisey's Statement.

Cleveland, Sept. 15.—Grand Master P. H. Morrissey of the Brotherhood of Railway Trainmen, authorized the following official statement relative to the movement to be inaugurated on western roads by conductors and trainmen to obtain higher wages: "The different stories that are arising pertaining to a movement on the part of conductors and trainmen in the western country for a raise of wages are in the main inaccurate and misleading. It is the general belief among the men that on account of the vastly changed conditions now compared with those in existence at the time the present wage standards were made, they are entitled to some additional compensation, and they are now considering the propriety of asking for it. But if anything is done through these organizations in this direction it will be done along orderly lines and in accordance with the long established policies and laws of the bodies affected."

Ravages of Fire.

Butte, Mont., Sept. 15.—Forest fires are raging in the mountains near Bonanza, and only a heavy rain will save an enormous amount of timber and cutwood. The campers are supposed to have started the fires. North of Anaconda, a fire is ravaging the timber districts with little prospect of abatement. Much timber already has been destroyed and it is feared the loss will reach into the thousands. In the timber districts of northern Montana, according to advices from Kalispel, fires are spreading with terrible rapidity and the safety of the finest forests in the state is menaced. Agent Berndt of the state department, is in the field with a large force of men fighting the flames, but there is little hope of staying the advance of the fire without rain.

Will Not Visit the Pope.

Rome, Sept. 15.—The announcement that the czar, who returns to the vatican, will not call on the pope has seriously disturbed the vatican. It is said that the Russian minister to the Holy See will purposely be absent from Rome during the sojourn of the czar here so as to render it easier to ignore the vatican. Papal diplomacy is doing its utmost to prevent such an awkward incident, which is attributed to the desire of the czar to show his displeasure at the pope's action in withdrawing the papal nuncio from The Hague because he was not invited to take part in the peace congress.

Murdered an Adopted Son.

St. Thomas, Ont., Sept. 15.—William King, a farm hand under arrest here, has confessed to having murdered James Freeman, 15, an adopted son of a farmer near here, because he was jealous of the boy owing to the privileges he enjoyed on the farm. King wanted to take the boy's place in the family.

Falconio Selected.

Rome, Sept. 15.—The vatican has definitely decided to send the Most Rev. Diomede Falconio to Washington as papal delegate to the United States. Mgr. Falconio is now an apostolic delegate for the Dominion of Canada.

PASSES AWAY.

Death of Justice Horace Gray of Supreme Court From Paralysis.

Lynn, Mass., Sept. 15.—Justice Horace Gray, who retired from the United States supreme bench last spring, died at his residence in Nahant of paralysis. He had been in poor health for some time. Since his retirement he has been staying at his summer home.

Judge Gray was born in Boston, March 24, 1828, and was graduated from Harvard college in the class of 1843 and from the law school in 1849. He was admitted to the bar in 1851. He was reporter of the supreme judicial court of Massachusetts from 1854 until 1861. He was appointed associate justice of that court in 1864 and chief justice in 1873. President Arthur commissioned him as associate justice supreme court of the United States Dec. 19, 1881.

Deroulede Invited to Leave.

San Sebastian, Spain, Sept. 15.—M. Paul Deroulede has left here by express injunction of the authorities, the Spanish government wishing to show some return for the attention shown the queen mother in Paris. M. Deroulede has been living in Spain, at San Sebastian, ever since the beginning of 1900, except for a brief period, when he journeyed to Switzerland, in order to fight a duel with M. Andre Buffet, a Royalist, who was found guilty, along with M. Deroulede, the Marquis De Lur Saluces, and Jules Guerin, chief actor in the Fort Chabrol episode, of a conspiracy against the republic. The sentence passed upon M. Deroulede by the senate, sitting as a high court of justice, was 10 years' banishment, and though there have been several times been rumors that President Loubet was likely to pardon him, the sentence is still in force.

No Fatalities.

St. Paul, Sept. 15.—While 1,000 people were struggling to get into the new Sons of Zion synagogue to witness the dedicatory exercises the temporary steps leading to the entrance suddenly gave way and 500 people fell in a heap. Men and women screamed and fought to get out of the mass and it was only by prompt effort that a panic was averted. The police platoon, which led the procession to the church, broke ranks and rushed into the crowd, preventing frantic men, women and children from crushing one another in the scramble to get out. When quiet had been restored it was found except for a few who were bruised and cut, no one had been fatally injured.

Investigation Opened.

New York, Sept. 15.—The government investigation of the acquisition of the stock of the Great Northern and Northern Pacific railroad companies by the Northern Securities company technically began in this city, but the special commissioner appointed by the United States court of Minnesota, F. G. Ingersoll, will hold the first hearing here. The attorneys for the defense met Mr. Ingersoll and the solicitor general, J. K. Richards, in conference. The solicitor general will conduct the case for the United States.

Interview Denied.

Rome, Sept. 15.—Replying to the request of the French ambassador to the vatican, who wished to secure for a French newspaper man an interview with the pope, the papal secretary of state, Cardinal Rampolla in explaining the impossibility of doing so, said: "The pope resolved months ago not to utter a word himself and ordered us not to utter a word which might be interpreted either for or against French policy or serve the interests of party politics."

To Prevent the Mill.

Frankfort, Ky., Sept. 15.—Attorney General Pratt is preparing a petition for injunction to be filed in Jefferson circuit court restraining the Southern Athletic club of Louisville from permitting the Corbett-McGovern prize fight in that city or elsewhere in Kentucky. A half dozen leading lawyers of Louisville will be associated with the attorney for the commonwealth.

For Laboring Men.

Chicago, Sept. 15.—A movement for enlisting the hosts of workingmen throughout the United States into a semi-political organization has been launched in this city. A platform said to embrace the economical and political ideas of labor leaders and covering the whole labor situation has been prepared and will be presented first for approval next week before Chicago Federation of Labor.

Italians Assaulted.

Wilkesbarre, Pa., Sept. 15.—Two Italians, named John Divino and Antonio Dizzi, employed at the Old Forge mine of the Pennsylvania Coal company, at Old Forge, Pa., were held up by 50 Italian strikers as they were returning from work. Both men were badly clubbed and stoned. Several shots were fired and a striker is reported to have been shot in the leg. Divino's injuries were so serious that he had to be removed to the Pittston, Pa., hospital. Dizzi was able to walk to his boarding house.

Butler, Pa., Sept. 15.—Comparative quiet prevails here. The streets have resumed their normal appearance and the crowd, which surrounded the jail for 36 hours has dispersed. Jeremiah Bennett, the assailant of little Thelma Wagner, is confined in the jail and armed officers are still on guard, but Sheriff Hoon apprehends no further trouble.

REPLIES TO QUERIES.

President Mitchell Answers a Number of Questions on Strike.

THE SETTLEMENT IS NO NEARER.

Labor Leader Declares There Have Been No Desertions Among the Strikers Who Are Confident of Winning.

Wilkesbarre, Pa., Sept. 15.—John Mitchell said: "I can't predict when the anthracite strike will be settled. If anything is being done toward a settlement by the other side, I don't know of it. Nothing toward a settlement was accomplished at the Harrisburg conference between Governor Stone of Pennsylvania, President Mitchell, the presidents of the three anthracite districts and others who have been trying to end the strike. Nothing of importance was done at the conference."

"Did Governor Stone represent J. Pierpont Morgan, or any of the anthracite presidents?"

"I did not understand that he was representing anyone besides himself."

"Is a settlement any nearer because of the conference?"

"No."

"Did Governor Stone propose that the miners should return to work on a promise of concessions being made afterward by the operators?"

"No proposition of that kind was submitted. There is no foundation for the report that the men are to return to work on a promise that the operators will make concessions and arbitrate afterward."

"Would the miners return to work under such an arrangement?"

"They would not."

"There have been no desertions among the strikers," he said. "They feel certain of their ability to win."

The big defense fund that is being collected at the national headquarters in Indianapolis, Mitchell said, is proving sufficient to relieve the distress in the region. About 20,000 miners have left the region since the strike began, leaving about 130,000, he explained, to be cared for.

"Are the troops to be withdrawn from the region?"

"Not that I know of. All the information I have on the matter is what I get from the papers. There is no need of the troops, however, as the men are orderly. They are keeping within the law."

"Is any coal being taken out of the region?"

"A little is going out, but none of the coal is being mined. Most of the coal now being shipped was mined before the strike began. No mines are being started and no members of the organization are returning to work."

Another Colliery Resumes.

Tamaqua, Pa., Sept. 15.—The Greenwood colliery, situated at the western end of the Panther Creek valley, resumed operations. It is impossible to learn exactly how many men are at work as the place is very heavily guarded and the operators, the Dodal brothers, would give out no definite statement. They say, however, that they expect to wash about 300 tons of coal a day. The Lehigh Coal and Navigation company claims gains in the Panther Creek valley. An official of this company said that it was expected that the daily output from the number 4 and number 12 collieries would now be increased from 1,400 to 1,800 tons a day. The leaders of the Mine Workers ridicule the claims of the company. They say there are no more men at work today than there were last week. No troops were sent out from Manila park, but a company was kept under arms to respond to call. No disturbance of any consequence was reported.

PRESIDENT ROOSEVELT may be honest and sincere in his efforts to curb the trusts. If he is, it is all the more important that a Congress be elected in sympathy with him. The Republicans demonstrated during the last session that they will not back him up in any fight on the trusts. The only hope is in the election of a Democratic Congress. The gallant leader in the Ninth Kentucky district can be depended on to do his duty with respect to this question as he has done on all other questions.

AGAINST the advice of McKinley, the adjuration of Roosevelt, the pledge of the Republican platform, the good faith of the Government and the dictate of humane consideration for a suffering people, the Republicans, rather than diminish the unjust profits of the sugar trust, refused to do justice to Cuba. It was but the triumph of greed over right and justice. The Republican party owes its lease of power to the trusts and it cannot get far enough away from them to deliver an effective kick. Through the protective tariff, the "infant industries" have grown so rich and strong, at the expense of the consumer, that they are now, through the Republican party, riding rough shod over the rights of the people. These monsters the tariff has created have turned upon the nation and now hold it by the throat. All the evils of the trusts which were created by the tariff continue to grow greater so long as the tariff remains. Is it not time for revision? Is it not time to elect a party to power which has always been the consistent enemy of trusts?

THE learned Louisville lawyers who are trying to show that there is no law to prevent the approaching prize fight in that city, that it is not really a prize fight that is billed to come off but only an "athletic contest," quote Section 1,284 of the Kentucky Statutes, as follows:

"If any person shall engage in a prize fight, or a fight for a bet, wager or stakes, by whatever name it may be called, he shall, upon conviction, be deemed guilty of a felony and confined in the penitentiary for a period of not less than one nor more than five years."

Then they add:

"It will readily be observed that the proposed exhibition to be given by you under the auspices of the Auditorium in the city of Louisville on September 22, 1902, under your contract aforesaid, is neither a prize fight nor a fight for a bet, wager or stakes, but a lawful exhibition of athletic contests under the ordinance of the city of Louisville, approved December 24, 1897, and does not come within the meaning of Section 1,284 of the Kentucky Statutes, *supra*."

These lawyers seem to overlook the words, "By whatever name it may be called." These words were clearly put in the section to cover just such cases as this one at Louisville. Governor Beckham is evidently of that opinion, and has taken steps to have the law construed. If this so called "athletic contest" is not to be a prize fight, why are sporting men all over the country planning to go and see it?

THE TARIFF AND THE FARMER.
The following letter from A. B. Farquhar, head of the Pennsylvania Agricultural Works, written to the Farmers Call, a paper published at Quincy, Ill., shows what this manufacturer thinks of the tariff and its relation to the farmer:

The fact is that our protective laws are a monstrous swindle upon the agricultural community. As a manufacturer I was inclined to say nothing on the subject, for the reason that it was natural to suppose if anybody was benefited it was the manufacturing class to which I belonged. But, as I have explained, the farmer is being destroyed. We are killing the goose that lays the golden egg. And I honestly believe now that it is to the interest of the manufacturer, themselves to eliminate the protective feature from our tariff laws.

Certainly, as our manufactured goods are sold much lower abroad, we could only need protection to get better prices from our customers at home. We do manufacture and sell in Canada, South America and Europe many agricultural machines and implements, and could we have free raw material and the commercial advantages which free trade would give us, America would become the great manufacturing emporium of the world, and the farmer, of course, would share the prosperity, since he would have less to pay for everything and get better prices for all he sold. Go on with your good work. When the farmer begins to think and rise up against this swindle it is doomed.

PENNY POSTAGE COMING.

Postal Deficit the Past Year Was Less Than \$1,500,000.

[Washington Cor. St. Louis Globe-Democrat.]
The deficit in the postal service for the fiscal year 1902, ended June 30 last, will be less than \$1,500,000. This interesting fact will be shown in the forthcoming report of Postmaster-General Payne. The postal service will this year come very near to a solvent showing for the year's work. The returns for the year are not complete, and the actual deficit for the year is based on estimates for the business of the last quarter. Based on the business of fifty cities, which includes St. Louis and other cities where over 45 per cent. of the principal business of the country is transacted, there will be an excess of receipts over expenditures for three quarters, amounting to \$2,339,000. This will make a probable deficiency for the fiscal year of \$1,307,000. If it were not for large expenditures to establish rural free delivery, the officials say, one-cent postage could be discussed with some prospect of getting it within a few years. The deficiency on account of the postal service last year was \$3,408,000. It would have been less than \$100,000 but for the \$3,500,000 spent to establish rural free delivery routes and the cost of operating those experimentally established. The appropriations on account of rural free delivery for the current year aggregate \$7,500,000. In the opinion of department officials it is now too early to discuss penny postage. They do say, however, that it will come. By properly classifying published matter and gradually getting rural free delivery on a paying basis it will be possible to undertake the reduction of first-class matter, which has always been profitable to them.

This is the same Daniel Drake that left Mason County in the last year of the eighteenth century and closed his wonderful career within the memory of men now living.

"Something More"

Than good Clothing is nowadays necessary to satisfy the average man and boy who wishes to dress well. Not alone must fabric, trimming and sewing be good, but the cut of the garments must be "natty" and up-to-date. It must be apparent to the buyer that the collar, shoulders, lapels and general contour of the coat is just "right." All of these qualities coupled with reasonable prices our Clothing possess. Nothing goes out of our house that does not meet with "our approval" and when it does that you can rest assured "you" will be pleased.

We had intended to have a grand opening when all was completed, but goods are crowding us so and new goods crying to be shown, and lots of them are being asked for, so we have concluded to show our line as they come in, hoping to have our house warming later on. THE CIRCUS COMING.

Walter L. Mains' Big Show Will be Here Next Friday, Sept. 19th.

Walter L. Mains' big circus and menagerie is coming. Its Maysville date is next Friday, Sept. 19th, and it will be an exception to the rule if there is not a big crowd here to see it. A circus can always count on a big crowd when it strikes Maysville.

Walter L. Main has been known as the "kid-gloved" showman; the splendid discipline of his employees, the courtesy shown patrons and absence of all reprehensible practices being distinctive features, it is said, of the exhibition.

The attractions are of such infinite variety that the most diversified tastes will be fully satisfied. Acrobats, bicyclists, gymnasts, riders, contortionists, vaulters, wire walkers, jugglers, strong men, jolly clowns and merry jesters, will disport themselves in the several rings and on the several stages. The hippodrome races of ancient Rome, as well as modern contests between thoroughbreds and flyers will be given on an ellipse that encircles the arenas and stages. The zoological and museum departments teem with interesting animals, and the establishment throughout is said to be a model one in every respect.

A grand spectacular pageant, exhibiting the varied processional resources of the combined shows, will start from the exhibition grounds at 9 a. m., and traverse the principal thoroughfares of the city. Two performances will be given, at 2 and 8 p. m., the doors opening an hour earlier. The management respectfully suggest that ladies and children attend the matinee. Seating capacity, 10,000; twenty-five uniformed ushers; sun and water-proof tents.
